About Moot Court Society

It's an honour and privilege to announce that Amity Law School Jaipur has established its Moot Court Society (MCS) under the aegis of Director, Amity Law School Jaipur. A pleading is to a pleader is what Moot Court Society is to a legal, educational institute. The motto of the Amity Law School, Jaipur's Moot Court Society, is "*per excellentiam varius*", which when translated

in English means "aligned for excellence".

The Moot Court Society (MCS) is a student-led initiative that works hand in hand with the college administration to plan, train, and organise moot court-related activities. The MCS hopes to inculcate a strong tradition of successful mooting for years to come for the students of Amity Law School, Jaipur. The

MCS aims to conduct training programs and organize workshops regularly for honing drafting skills, pleading and argumentative prowess of nascent legal minds. Through its faculty and students' body, it organises various internal moot court competitions, thereby encouraging students to participate in the external moot court competitions organised both nationally and internationally.

About The Competition

Moot courts are academic simulations of advocacy that educate students about the law and the judicial process. Students, acting as lawyers "try" a case before the court or judge. Additionally, students are also trained to serve as "law clerks, reporters, or amicus brief writer. The objective of the Moot Court Competition is to develop academic and advocacy excellence among students and inculcate the spirit of leadership and teamwork, leading to academic and professional excellence. In this competition, a hypothetical court scenario is created where the students act like the Counsellors (Advocates) presenting each side (Plaintiff and Defendant) based on evidence and substantive questions of facts or law present their respective arguments. The adjudicator tests them on various facets of laws and judge them accordingly.

A moot court competition simulates a court hearing, in which participants analyse a problem, research the relevant law, prepare written submissions, and present an oral argument. Moot problems are typically set in areas of law that are unsettled or that have been subject to recent developments. Moot court is the paramount activity of a Law college. It provides practical knowledge of Law and gives a first-hand experience of the court craft and etiquettes. It helps greatly in inculcating skills of advocacy. Amity Law school offers a congenial environment for the development and enhancement of the personality of students with these opportunities to be utilized in the best interest and overall development. With a spirit as enthused, it seeks to progress and endeavours to achieve distinguished results and set new benchmarks of success.

MOOT PROBLEM

1. The **Republic of Adion** (hereinafter referred to as *Adion*) is a developing democratic republic nation in the *Esian* continent. It is the second-most populous country in the world. As per the census report of 2011, the total Population is 121.09 crores. The majority of the population belongs to the *Aryadharma* religion (96.63 crores: 79.8%). The population belonging to the minority religion *Saracen* constitutes 14.2% of the total population (17.22 crores).
2. Delta is the capital city of *Adion*. Being one of the largest republic democracies across the world, the Republic of Adion has the lengthiest written Constitution, which is the supreme law of the land.
3. Most legal orders in *Adion* are based on a hierarchical structure of legal acts with the constitution at the apex. All legislation and other legal measures of a State must be compatible with the constitutional values. According to the Constitution of Adion, the State has certain obligations towards its citizens, including but not limited to the guarantee of fundamental rights, and the **Supreme Court of Adion** acts as a preserver of rights.¹ If a law or other legal measure adopted by the State is inconsistent with the constitution, it should be declared null and void by the competent judicial institution.
4. On 24 August 2017, the **Supreme Court of Adion**, in an epochal judicial pronouncement, declared the right to privacy as a fundamental right protected under the Constitution of Adion.

¹ The Regional Higher Courts in Adion separately exercise their respective writ jurisdiction to entertain limited matters pertaining to issues of public interest.

5. **Adion Institute of Technology** (hereinafter referred to as **AIT**), situated in the city of Mahagun is one of the prominent higher educational institutes for technological education in the Republic of Adion. **Inush**, aged 20 years, is one of the engineering students studying B. Tech (CSE) at AIT. He is currently in his second year and is a very bright student. He has aced several competitions for the College and is an avid developer, works as a freelancer for both app and web development projects.
6. While working, he comes across a digital platform named, **ZitTub**, which gives him easy access to develop applications and share among the **ZitTub** Community. Soon he finds a way to create online auctioneering and develops a code for an app wherein one can list old belongings and begins developing the app for auctioneering.
7. On **17th January 2022**, Razin, a prime-time journalist receives information from an unnamed source about a rolling application named **Getadeal** on the ZitTub community wherein photos of prominent female journalists, academicians, activists of minority religions, primarily *Saracens*, are stolen from their social media handles. Consequently, the women are put up for an online auction. Soon, this news became a highlight of prime time and resulted in a huge public outrage among the citizenries.
8. People are writing and expressing their strong views on the social media platform, **Glitter**. Hashtags about the application and women's rights (Example, #Threat2Women_BanGetadeal, #Privacy_underthreat, etc.) matter are trending and became a moot point of discourse in international media as well. Many nationwide protests were organized in solidarity against cybercriminals and increasing social media crimes against women. **Adion** observes protests for the next few days in various parts, and soon protests took a sectarian turn. Riots break out in several parts leading to damage of public property and several injured in the public outrage.

9. Devices connected to the internet can now gather up a user's data, sometimes even without the user's consent, thanks to technological advancements. This has raised various issues, including the right to privacy. To address this, the Ministry of Electronics, and Information Technology (MeitY) introduced the *Personal Data Protection Bill, 2019* (**'PDP Bill'**) to Parliament in 2019. The bill was referred to a Joint Parliamentary Committee, whose report led to the *Data Protection Bill 2021* (**'DP Bill'**). The bill covers both personal and non-personal data but has failed to see the light of day as of now.
10. On **21st January**, The **State Cyber Cell**, while investigating the matter, traced down the IP address to the Computer Lab of AIT and soon questioning began at AIT Campus with students.
11. Inush was one of the students arrested on suspicion and presented before the magistrate for further custody and investigation.
12. Mr Wiki Zen is a social rights activist and has been researching on data privacy, data fiduciary issues for more than ten years, worried over such incidents, has filed public interest litigation (PIL) before the Hon'ble Supreme Court under Article 32 of the Constitution on 31st January 2022. In his petition, he prayed before the hon'ble Supreme court to held State machinery responsible for failing to safeguard women's rights in digital space and sought accountability of hosting platforms such as **ZitTub** concerning the safety of citizens and Privacy Protection. He also raised serious concerns over uncontrollable public outrage and State failure in maintaining law and public order.
13. **Niras** is a 19-year-old female. She recently cleared her Class XII board examinations recently. On 10th February 2022, she moved out of her hometown to study B.Sc (Chemistry Hons.) in a prestigious Delta University located in the capital city of Delta.

14. On 21st February 2022, **Niras** received an obscene call regarding her availability and monetary charges as a sex worker. The caller told her that he found her naked pictures and contact details on a famous social networking site, *Metabook*. For the next two-three days, she received multiple calls of similar nature.
15. She learned that there is an account by the name of *nirasnudies* in *Metabook* and other social media handles which contains her obscene morphed images and contact details.
16. **Niras** was under immense trauma and committed suicide on 24th February 2022 by drinking poison.
17. On preliminary investigation, it was found out that the account was created through the email address of **Niras** (niras298765@gmail.com) but with a different IP address. The images were taken from **Niras**' laptop and were morphed using a digital app called "9 PAPS" and used a feature named "Bikini Suit Photo Editor" and downloaded the half-naked photos in it.
18. On 28th February 2022, police arrested Amresh for further investigation based on findings from the cyber police branch. Amresh is a batchmate of **Niras** and was a very close friend. It is alleged that he stole her laptop and created the fake profile with morphed images to take revenge on the rejection of his romantic advancement by **Niras**.
19. This was a second epochal event within a span of two months wherein women were attacked, targeted, harassed through digital platforms. **Sakhi**, a Women's rights organization, organized a country-wide protest concerning privacy and security violations of women through social media, digital intermediaries, etc., on 2nd March 2022. They demanded strict action to be taken against *Metabook* and wanted the State to seek accountability for such events on digital and social media platforms.

20. Consequently, owing to the public pressure and media outrage, the National Commission for Women of Adion (NCW) decided to intervene and wrote a letter on 10th March, 2022, addressing the CJ of Apex court of Adion stating their concern about lacuna in Adion's justice system pertaining to privacy and safety of women.
21. The Apex Court took suo moto cognizance over this matter on 21st March, 2022. The Hon'ble Apex Court has converted the said letter into a petition.
22. It clubbed the above matter with Mr Wiki Zen's ongoing PIL since both were premised around social media crimes committed against women. The matter is listed for final hearing on 8th April 2022 before the 2-division bench of the court for the common hearing.

ISSUES FRAMED
