ABOUT IDIA

Increasing Diversity by Increasing Access (IDIA) in Legal Education is a national non-profit organisation that identifies and empowers students from underprivileged and marginalised backgrounds to pursue legal education, with the aim of creating community leaders and change agents within the legal system. IDIA identifies underprivileged students with an aptitude for law and trains them for law entrance exams over a 1-2 year period. Once an IDIA trainee is admitted into a law school, IDIA arranges for scholarships to support their education. IDIA seeks to empower underprivileged and marginalised communities by creating top quality lawyers from within.
